

To get First Class at Home:

To access your First Class account at home go to : <http://fc.cardinalohara.com>

On the left side of the screen you see the download button. Click the download button.

On the next screen you will be asked to Choose the version you want to install.

Mac OS 9 & X or Windows or Linux

After you choose your version run the install and allow it to save to your desktop.

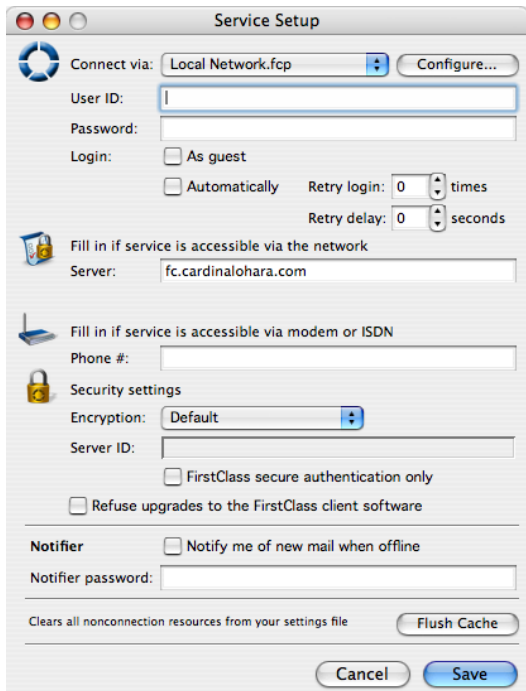

Once on you desktop you will have to connect it to our server.

To connect to the server follow the following steps:

Once you open the First Class Icon click the Advanced button to open the more options.

Click on the Setup and following box will appear.

The image shows a 'Service Setup' dialog box with the following fields and options:

- Connect via:** Local Network.fcp (dropdown menu) with a 'Configure...' button.
- User ID:** (text input field)
- Password:** (password input field)
- Login:** As guest, Automatically. **Retry login:** 0 times (spinner), **Retry delay:** 0 seconds (spinner).
- Fill in if service is accessible via the network:** **Server:** fc.cardinalohara.com (text input field).
- Fill in if service is accessible via modem or ISDN:** **Phone #:** (text input field).
- Security settings:** **Encryption:** Default (dropdown menu), **Server ID:** (text input field), FirstClass secure authentication only, Refuse upgrades to the FirstClass client software.
- Notifier:** Notify me of new mail when offline, **Notifier password:** (password input field).
- Flush Cache:** (button) with text 'Clears all nonconnection resources from your settings file'.
- Buttons:** Cancel, Save.

In the server box type in-

fc.cardinalohara.com, then click save.

Once saved you will then be able to log in to your First Class Account at home.
